

## You Gave Me Wings

When I was just out of school  
I did believe I had grown up  
College Life was so Cool  
The World was all mine  
Now was the time  
Could I learn to fly ?

Reach for the Sky  
Let your Light Shine  
Like an Eagle,  
Let our soul soar high  
Now I believe  
I can fly if I want to  
St. Xavier's - You gave me wings !!!

Things got a little rough  
Adolescence had it's problems  
But that's what made us tough  
Our Lives had begun  
Our days in the sun  
We had learnt to fly
